Python, C++, JavaScript, React, Node.js, SQL, HTML, CSS, MongoDB, Git, Github, Docker, Flask, Django

Soft Skills

● ● ● ● ○

Problem-Solving, Analytical Thinking, Team Collaboration, Communication, Time Management, Adaptability, Project Management

Education

SJC Institute of Technology   2020-2024
Information Science and Engineering   Bachelor of Engineering
8.5

Presidency PU College   2019-2020
PCMC   PUC
7.5

Sindhi High School   2017-2018
8.4   Class X

Projects

E Commerce Application   Oct - 2024
Full Stack Project

Developed a feature-rich **eCommerce application** using **React** for web and **React Native** for mobile, with a **Python Flask** backend and **SQLAlchemy** for database management. Implemented key features such as **user authentication**, **shopping cart**, and **order management** across both platforms.

Ransomware Readiness Assessment Tool   Jun 2023- May 2024
Final Year Project

Developed a **Tool** using **Python, SQL** and **Django** to evaluate organizational resilience against ransomware attacks. Integrated secure user authentication and cloud storage solutions, while ensuring comprehensive documentation for risk assessment and operational efficiency.

Experience

Inflow Technologies   Aug- 2023 to Oct-2023
Intern   Bengaluru

During my **internship at Inflow Technologies**, I worked on an AI chatbot project leveraging **machine learning, NLP,** and **cloud-based deployments**. Collaborated with teams to enhance system efficiency and scalability.

Certifications

Azure AI Fundamentals	Jun 2024	**Agile Scrum**	Feb 2024	**Python Intermediate**	July 2024
Microsoft		Scrum Alliance		Hackerrank	

Couses

Full Stack Developer   July 2024 - Nov 2024
Kaushalya Tech

Completed an intensive course at **Kaushalya Tech**, gaining hands-on experience in **full-stack development** with a focus on **React**, **Python**, and **SQL**. Acquired practical knowledge in building scalable web applications, enhancing both frontend and backend skills.
